Principal’s Message
Did you know that happiness, sadness, anger, and fear are our four basic emotions? Parents who are able to break these feelings down further for their children assist them in becoming more resilient. For example, children who can recognise that they are jealous as opposed to sad are able to process this emotion with greater ease.

The following chart works well for primary aged children. For the older primary children try to translate the expression to a human equivalent. For example Doc from Lightning McQueen is Grumpy. Use examples that relate to your child’s age.

Bush Dance
What a great night! I may have been Heel and Toed out, but I had a great night. Thankyou to the P and C for their organisation of the event and also to the many parents who supported the night. It was great to catch up with everyone on the night. Events like this highlight the strength of our school community.

School Uniform
I have noticed a few children coming to school with non-uniform items like jumpers and long sleeve shirts etc. School Council have outlined the uniform policy and provided parents with plenty of choice in regards to items. I ask that you please ensure your child is in correct uniform. If there are any issues with this please see your child’s teacher. If finance is issue, please see Shana or myself.

Woorabinda Camp
We have 4 students currently on Woorabinda camp. I look forward to hearing the camp stories from Harriet, Daniel, Tharaa and Ryan when they return next week.

Student Free Day
A reminder that Tuesday is a student free day following the public holiday on Monday. If you need childcare for the Tuesday, Club 1878 (After School Care) are going to Science Works. You will need to book in before the end of the week to access this service.

Masters BBQ
P and C are running a BBQ fundraiser on Monday. Come along and support the event by buying a snag and a drink. If you want to assist, please see Nicole Smith. Let’s hope for better weather than last year.

Cross Country
Congratulations to Daniel and Zander for their efforts in the Warrnambool cross country race on Monday. At present I only have Daniel’s time of 11:15 for 3km, reaching 18th place against year 7 students, fantastic effort! Zander also ran very well and we will have his time in the near future. Both boys represented the school with pride and on behalf of the school community I would like to thank them.

Soccer
We have 10 students representing our school in the SSV (School Sports Victoria) soccer finals on Friday. Good luck to this team, I know you will represent us well. Thankyou to the parents who are transporting on the day. If you are unable to bring your child, please let Mr Micallef know so that arrangements can be made.

Happy Birthday
We would like to wish Happy Birthday to Riley Mclean-Haagensen and Fergus McCausland and to any members of our community who are celebrating their special day.

Have a great weekend,
Russel Cowan
Principal
Hey everyone,

I hope you have all had a good week. This week I went to talk to Miss Jones (4/5s). They have been really busy.

In maths they are working on division. Also, they have been learning about geometry and making cities. In writing they have been doing a discussion talk about “Should kids have to spend more time outside,” which sounds fun. They have been creating PowerPoints on different types of wars.

For transport, they have designed a new car for 2056. The designs look great!!

Hope you enjoy the rest of the week.

See you next week,

Tilly

P&C Report 2 June 2016

YIAH Fundraiser

Dips! Angela is bringing YIAH fundraising dips for us to promote with parents on Thursday prior to the P&C meeting... Then come along to the P&C meeting in the staffroom. She will also do an after school dip session on the Friday. These dips are seriously YUMMO and 40% of sales come back to the school! See forms coming out this week for further info.

Bush Dance

What an amazing night we had on Saturday! Hay bales, scarecrows, a straw tossing bonanza, a band that kept on increasing and a penny-farthing to top off the night. Everyone had such a wonderful evening...it may pop up on our calendar next year ;-

Hot Lunches

Last time we had 75 orders for Homer Pizzas. Tomorrow is spuds and we've got 70 to do. Welcome to our new helpers this Friday too!

Masters BBQ

Monday 13 June - We are all set to raise money for the school’s literacy program. If anyone wants to add their name to the list (sorry 9-11 fully booked) please SMS me on 0425 747 477.

Cuppa n Chat

Next Thursday morning, 16 June, in the staffroom from 9am.

Nicole Smith 0425 747 477

*For a detailed outline of above activities, please see over*
Cooking: The children will have the experience of cooking their own lunch with a range of ingredients to create the desired flavoured outcome for each lunch session.

Tenpin Bowling: This experience will build team players with the focus on fun and enjoyment for all involved. The will have the bumpers in place to enhance the experience of knocking down pins and each child accumulating points.

Making Sweet Treats: Unfortunately during an after-school afternoon session in Club 1878 we don’t get the necessary time to make delightful sweet treats such as slices, they need an appropriate amount of time to refrigerate before consumption. As such, two sessions will be dedicated to children working together in the kitchen to make a lemon slice and a jelly slice, these slices being favourites among many!

Dog Biscuits: Children will be provided with the opportunity to engage with the wider community, by baking dog biscuits and donating them to the RSPCA in Ballarat – going above and beyond, helping the disadvantaged and homeless dogs of Ballarat. The RSPCA is constantly in need of donations such as dog and cat food, so instead of the children in Club 1878 making biscuits for themselves to eat we’re encouraging children to think of those in need, those who can’t make themselves yummy biscuits but would be oh so happy to receive them – doesn’t! Children will each receive a certificate from the RSPCA, thanking them for their donations. Two sessions will be dedicated to this activity, this activity having been a firm favourite for many throughout term two.

Bird Feeders: Having a school situated among a large amount of trees and bushes provides the children with a chance to attract new birds and wildlife with bird feeders. We will be creating different shaped bird feeders to hang in tree around the school, created from all natural materials that will blend into the surroundings.

Regent Multiplex: The children will be able to relax and enjoy popcorn, a bag of lollies and lemonade supplied in a private air-conditioned room while viewing the latest movies.

Movies and sessions - Tuesday 28th June Ice Age, Collision Course Thursday 30th June, Finding Dory Tuesday 5th July Ice Age, Collision Course and Thursday 7th July Finding Dory.

Parents please note this session has a maximum of 16 children due to the size of the cinema party room, if you require this session do not hesitate to book early.

Jewellery Making: Salt Dough Beads: As part of this activity children will be able to hand craft their very own jewellery, being able to make a necklace or a bracelet. Firstly children will work together to make their beads by following a salt dough recipe, having to work together and complete each of the steps correctly, and children will then paint their beads using their chosen paint colours. Lastly children will need to thread their beads onto a durable twine/string and ta da children will have made a very special piece of jewellery to take home and wear with pride.

DIY Jigsaw Puzzles: Particularly with the Gordon Primary School children putting together a jigsaw puzzle is a favourite activity to participate in, so in Club 1878 we’re presenting children with the challenge of drawing a unique jigsaw puzzle worthy picture and if children’s pictures are creative and colourful they will be selected to be photographed and transformed into an actual jigsaw puzzle, all thanks to Jigsaw Puzzles Australia. This activity is competition based – not all pictures will be transformed into a jigsaw puzzle. For those children who aren’t particularly keen on entering the competition but still want to make their own jigsaw puzzle, they will be able to do so by drawing a picture onto a cardboard sixteen piece jigsaw template, otherwise known as a jigdraw.

Stark: In Club 1878’s last Vacation Care program Stark, Rebecca’s lovable and very gentle Bernese Mountain Dog visited Club 1878, spending the morning with the children. Ever since, children have consistently questioned when Stark will be back, and children will be happy to know that Stark will be spending another morning with the children in Club 1878. Whilst Stark is in Club 1878 children will be able to pat and cuddle him as well as feed and walk him. Even though he’s too lazy to get caught up in chasing balls he provides children with a quality and therapeutic form of entertainment.
Recycled Plastic bottle Firefly
The children will create a glow in the dark firefly made from recycled plastic bottles. Children construct the firefly under their own interpretation with the freedom to choose from a assortment of colours and components. Once completed the children can use as a nightlight.

Jelly Fish
The children will construct a miniature aquarium containing a jelly fish in a bottle. The aquarium will be made from recycled plastic bottles with a variety of water colours to select.

Paper mache frames
The children will decorate a picture frame constructed from paper mache. Children will have the freedom to design the frame with an assortment of paints, beads, shells etc.

Domino Challenge
Children at Little Bendigo Primary School have participated in a domino challenge, using the Disney dominos collected by Club 1878 in 2015. As part of this activity children will work together and individually to create a creative and well thought out domino trail, the challenge being for it to be as long as possible. Children will need to have their thinking caps on at all times, to ensure their trail isn’t accidentally knocked over and how best to avoid this hurdle, not to mention how they will design their domino trail, will it be one straight trail or will there be lots of curves and zig zags in their trail?

DIY Icy-Pole Stick Puzzles
Children will choose a number of icy-pole sticks and once they’ve lined up their sticks children will paint a picture, the sticks acting as their canvas. Once the paint has dried children will be able to jumble up their icy-pole sticks/picture, challenging others to put their picture back together, by correctly lining up each of the icy-pole sticks. This activity will encourage creativity and the use of problem solving skills.

Recycled Plastic bottle Balloon Cars
The children will create their own designed car constructed from recycled plastic bottle propelled by a balloon, if the children desire they will participate in a competition concentrating on distance and speed.

All bookings need to be paid in full prior to commencement as per terms and conditions of Club 1878 OSHC.

Vacation Care Days booking numbers are both minimum and limited; in order for the program to proceed Club 1878 OSHC require a minimum of 15 children per day with a maximum of 24 excluding the Regent Cinema Days therefore, if you are wanting your child/ren to attend please complete the booking form and return it no later than Monday 20th June in order for you to be advised if the sessions will proceed. All invoices will be sent out once session dates have been confirmed.

Any bookings made after this date, you are taking the chance that there will be no positions and or sessions available, so, act now!
